
Ladder truss

Ladder truss is used for simple, lightweight loads, where loading is not an issue, such as retail banners and decorative purposes. Shown here are the two most popular versions.

All technical specifications are approximate and do not form part of any contract. Unusual Rigging cannot accept any responsibility for errors and omissions and reserves the right to make changes. The user must determine the suitability of any products for their own particular purpose, both alone and in conjunction with any other product and shall assume all risk and liability in connection with them.
